

This

INTERNATIONAL WOMEN'S DAY

Listen, Support & Empower

IT WILL TAKE EVERYONE WORKING TOGETHER TO TACKLE
GENDER INEQUALITY AND DOMESTIC ABUSE...

We can all start somewhere:

- Call out misogyny when we see/hear it (if you feel safe to do so)
- Believe women's experiences and don't victim blame
- Lift up and empower women
- Let people know you're a safe, supportive person to talk to
- Support and raise awareness of women's charities, causes or businesses
- Avoid businesses or products made by companies with misogynistic or sexist attitudes
