Welcome to The Wish Centre!

Thank you for your interest in the IDVA Triage Advocate role at The Wish Centre. I'm delighted you're considering joining our team.

At The Wish Centre, we are committed to supporting individuals and families to live safe, empowered, and independent lives, free from domestic abuse. For over 35 years, we have worked at the heart of our community to provide specialist, trauma-informed services that are accessible, inclusive, and rooted in respect.

The IDVA Triage Practitioner role is a critical part of our frontline response—providing immediate, trauma-informed support, guidance, and advocacy to those reaching out for help, often at a moment of crisis. You will be the first point of contact for many victims, helping them feel heard, safe, and empowered to take the next steps.

We are looking for someone who is compassionate, resilient, and confident in working in a fast-paced environment where no two days are the same. You will need strong communication skills, the ability to assess risk effectively, and a solid understanding of the complexities surrounding domestic abuse. Most importantly, you will share our values of respect, holistic support, and education—and our unwavering commitment to helping people live free from abuse. If you are someone who thrives on making a real and lasting difference, we would be delighted to receive your application.

If you have any questions or need support during the application process, please contact our Head of People & Culture at: recruitment@thewishcentre.org.

I look forward to welcoming a new colleague who will help us continue to make a difference every day.

Warm regards,

Shigufta Khan CEO, The Wish Centre
